EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. Applicant's arguments, see the Request for Consideration, filed February 27, 2007, with respect to claims 14-37 have been fully considered and are persuasive. The 112, 1st paragraph rejection of claims 14-37 has been withdrawn.

2. Claims 14-37 (renumbered claims 1-24) are allowed.

3. The following is an examiner's statement of reasons for allowance:

Regarding claims 14, 20, 21, 25, 26, 36, and 37, the primary reason for allowance is that the prior art fails to teach or reasonably suggest determining a probability of the image movement occurring without the additional movement at different positions of an image and specifying and fixing, for each of the plurality of image regions, a position and dimensions as a function of the probability of the image movement occurring inside at least one image region of the plurality of image regions without the additional movement.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S COMMENT

4. The examiner would like to point out that the informal drawings filed on August 11, 2005 in response to the drawing objections in the office action mailed February 8, 2005, have not been replaced by replacement drawings. Replacement drawings are required for the drawing changes.
